### INFORMATION TECHNOLOGY SOLUTIONS THAT WORK FOR YOUR HOME OR BUSINESS

Technology got you down?

Need help or advice but don't want to pay the  
high prices?

Computer Over-run with Viruses and  
Spyware?

Do you feel lost in the dust when it comes to  
computers and gadgets?

Are you worried about your privacy in today's  
information age?

Does your company have a project that  
needs some extra manpower?

Pape Technology Services exists with the  
simple goal of taking the worries out of  
technology for you. We have extensive  
experience in technology and customer service  
having worked for companies such as Dell and  
Adobe. We currently offer consulting services  
to corporate clients as well as technical  
services to smaller private home-based clients.  
You don't need to be a business to take  
advantage of our services, we offer cost  
effective solutions for every budget and we are  
flexible. We are fully incorporated as 7339801  
Canada Inc. and Secret Cleared with the  
Government of Canada. We believe a happy  
customer is a customer for life!!!
